

# Specifications

NE

Model	NE-24				
Rated Voltage	DC24V (No polarity)				
Operating Voltage	DC21.6V ~ DC26.4V				
Current Consumption	Red	Amber	Green	Blue	Clear
	23mA	23mA	16mA	16mA	14mA
Power Consumption	Red	Amber	Green	Blue	Clear
	0.44W	0.44W	0.21W	0.21W	0.17W
Operating Temperature Range	-30°C ~ +50°C (90% Relative Humidity or less)				
Mounting Location Options	Indoor only				
Mounting Direction Options	Any direction				
Protection Rating	IP-65				
Vibration	19.6m/s <sup>2</sup>				
Insulation Resistance	More than 1 Megohm between terminals and chassis at DC500V				
Withstand Voltage	AC500V applied between terminals and chassis for 1 minute without breaking insulation				
Colors Available	Red	Amber	Green	Blue	Clear
Luminous Intensity (mcd) (mcd = milli-candela)	More than 120	More than 640	More than 610	More than 90	More than 550
<div><div>◆ This product conforms to the CE requirements &amp; CE marking is indicated.</div><div>◆ This product complies with the RoHS Directive (DIRECTIVE 2005/95/EC).</div></div> <div>For Reference</div>
