BUYING A ROBOT?

BUILDING A ROBOT?

Techman

First choice for robots designed for flexible automation applications.

OnRobot

Plug-and-play end-of-arm tools, effectors, grippers, sensors and tool changers.

SCHUNK

Schunk

The world's most comprehensive range of hydraulic, pneumatic and electric grippers.

Standardized modular automation systems consisting of conveyor, linear motion and safety fence systems.

SICK

Sensor solutions for robot vision, safe robotics, position feedback & end-of-arm tooling.

HMS

Bring edge intelligence and versatile cloud connectivity to industrial robot applications.

IDEM

Safety switches including gate closures, interlocking systems and non-contact switches.

Nanotech

Smart wheel drive servo systems for your mobile and industrial applications.

Dunkermotoren

Compact motors and hub gearboxes for robotic applications with minimal space.
